

KEVIN A. CAÑO SUASNABAR

IT Technical Support | Self-Taught Web Developer (Trainee) | Cybersecurity in Training

kevin.suasnabar@protonmail.com | +54 9 11 3459-6193 | Av. Belgrano 2449 Balvanera,
CABA | linkedin.com/in/ kevin-suasnabar/ | github.com/ OpieSoA

PROFESSIONAL SUMMARY

- Professional in training with a foundation in web development (HTML, CSS, JavaScript) and Windows/Linux operating systems, currently specializing in information security through PortSwigger's Web Security Academy. I apply the same discipline that defines me as a Taekwondo instructor to reach my technical goals. Looking to join an IT team where I can contribute my autonomous learning ability and grow toward the information security field.

PROFESSIONAL EXPERIENCE

Administrative Assistant | Estudio Jurídico BEUNZA y Asociados

March 2017 – December 2018

- Managed administrative tasks and provided operational support to ensure smooth daily office operations.
- Organized files, managed schedules, and coordinated internal and external communications.
- Prepared legal documentation and provided client support.
- Contributed to the office's operational efficiency by providing direct support to the attorneys.

Assistant Taekwondo Instructor (3rd Dan) | Gimnasia y Esgrima de Buenos Aires (GEBA)

March 2017 – Present

- Assist the head instructor in teaching Taekwondo to students of different levels.
- Support student motivation and progress tracking during training sessions.
- Help prepare students for belt promotion exams.
- Foster discipline, respect, and sportsmanship among students.

EDUCACIÓN

Educación IT
